DETAILED ACTION

Election/Restrictions

1. This application contains subject matter drawn to inventions nonelected with traverse in Paper No. 4. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Double Patenting

2. Claims 124 and 125 remain rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 2 and 11, at least, of U.S. Patents No. 6,369,025 B1 and 6,323,172 B1, respectively, for the reasons of record in the previous office action.

Claim Rejections - 35 USC § 103

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 124 and 125 are rejected under 35 U.S.C. 103(a) as being unpatentable over and of Katznellenbogen et al., Martin et al., Eliel et al. and Green et al. The remaining 7-carbon diols are simple structural isomers of the 7-carbon diols disclosed in the prior art. As such they would be expected by the person of ordinary skill in the art to have the similar physical properties to those which are disclosed in the art.

Response to Arguments

5. Applicant's arguments filed January 9, 2003 have been fully considered but they are not persuasive. Applicant has stated that the compounds disclosed in the prior art would not be suitable as solvents for fabric softeners. Why, then, did applicant claim them?

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
